Dear Donald:

Please find attached the proposed petition and appendix (that appendix simply requests preservation for a year and then release by agreement IF we need anything else) -- the only thing we seek release of now is the vehicle tape from East 5th Street.

I also realized that I had not sent you a preservation letter for your file, even though you had very kindly agreed to preserve the tapes // recordings - I have enclosed a preservation letter for your file which you now have prior to the normal 30 day retention period expiring.

Please know that your work on this is greatly appreciated by me, my clients and many others.

Very best wishes. Fraternally,

Peter

APPENDIX A

Footage showing the outside of the front door of Club 519 between 0140-0200 Thursday September 26th.

If the parties agree, at some point within the next twelve months, that such videos / recordings may be released to Peter Romary, under the same terms and conditions as are set out in any order entered in this action, then the parties stipulate that they may be released for distribution as outlined above. If no agreement can be reached then the matter shall come on to be heard upon a properly calendared and noticed date before the Superior Court

We only need the cameras restricted from playback for the cameras/times/dates listed. Does it restrict these cameras from future playbacks outside of these dates?

I also realized that I had not sent you a preservation letter for your file, even though you had very kindly agreed to preserve the tapes // recordings - I have enclosed a preservation letter for your file which you now have prior to the normal 30 day retention period expiring.

Many thanks for your assistance, Don!

Please see attached -- if you can let me know the the best day for you, as I say, I can be there this Friday or next Monday or Tuesday.

You have been very kind and helpful with all of this and I am extremely grateful to you for all you have done for me and for my clients (which group seems to be growing by the minute) -- I look forward to going back to working with Hedge Funds as well as screening and recommending people for Judicial appointments (Federal and State -- especially if we do grow the number of Special Superior Court Judges for NC then I will have much more work in screening and selecting)

Very best wishes,

Peter
